HOW RUSSIANS USE "COLD WAR" TRICKERY

FORT WORTH—Evidence of Russian spying and agitation against the U. S. was disclosed in these excerpts from a talk by the deputy director of the Central Intelligence Agency, Gen. C. P. Cabell:

"Forgery is practiced by Moscow on a world-wide scale. Recently, the Kremlin has used the East German Communist newspaper, 'Neues Deutschland,' in several campaigns built upon the fabrication and alleged 'secret' discovery of U. S. documents. One of these was a letter alleged to have been written by Nelson Rockefeller to President Eisenhower, outlining a plan for U. S. domination of the world through its economic and military aid programs. No such letter was ever written. . . .

"At the time of Vice President Nixon's tour of South America, it was probably more than a coincidence that 10 Soviet newsmen were traveling in South America at the same time. When Mr. Nixon and the Soviet newsmen were in Buenos Aires, a Peruvian Communist leader visited that city and then hurried back to Lima in time to take a conspicuous part in the demonstrations there against Mr. Nixon."
